Objective:

Seeking a Frontend Developer role to leverage expertise in Angular, React.js, Next.js and modern UI frameworks to build scalable, high-performance applications and contribute to organizational success.

Experience:

- React.js Developer (CODXI) Apr 2025 – present
 - Built and maintained dynamic user interfaces using React.js, TypeScript, and Tailwind CSS, Ant Design improving load times and overall user experience and modern UI.
 - Developing and enhancing features for a custom CRM such as lead tracking, user role management, Dashboards, focusing on performance, usability, and smooth integration with backend services.
- Coding Instructor (iSchoolTech) Sep 2023 – present
 - Delivered over 800 sessions across multiple grades, maintaining 100% quality score remotely.
 - Integrated hands-on activities, increasing student engagement by 30% based on feedback surveys.
 - Taught HTML, CSS, JavaScript, Flutter, Python, Figma and Unity, empowering students with practical programming skills.
- Front-End Developer (freelance work) Sep 2023 – Feb 2024
 - we designed and developed a comprehensive online platform for the Faculty of Commerce, streamlining the application process for master's and professional diploma programs.
 - This platform enables students to submit applications online and provides real time application status tracking until final approval.
 - Collaborated with cross-functional teams, ensuring smooth project delivery within deadlines.
 - Implemented a course selection feature for accepted students, allowing over 80% of them to choose courses without staff intervention.
 - Angular - Angular-Material - RxJS, SCSS - NodeJS
- Front-End Developer (Roots Solutions) Jun 2021 - May 2022 (1 year)
 - Built Dynamic Forms System allowing no-code form creation that allows the user to control validation, input types, design.
 - Integrated Google Maps API, optimizing recommendations reducing travel time by 20%.
 - Functional programming in templates and plugins to add the necessary monitoring features.
 - HTML, CSS - Js/jQuery - Bootstrap - Ajax, Json

Education:

- Kafr-ELsheikh University, Egypt 2019-2023
 - Bachelor degree in Computer Science & Information Systems (department of software engineering)

Technical Skills:

- Angular, React.js, Next.js
- JavaScript, TypeScript, C++, C#, python
- Html, (S)CSS, Bootstrap, tailwind, MUI, daisy, AntDesign, Angular Material
- jQuery, Ajax, Json, RxJs
- Redux
- Data structure and algorithms
- Git/GitHub
- Problem Solving, OOP

Soft Skills:

- Problem Solving and Critical Thinking
- Communication and Team Collaboration
- Time Management and Organization
- Adaptability and Continuous Learning
- Leadership and Mentoring
- Attention to Detail
- Creativity in Solution Design

Courses:

- Route Academy (Front-End Web Development Diploma Certification).
- Udemy (Angular by Maximilian.).
- Frontend React Intern (Career 180)
- FreeCodeCamp (JavaScript Algorithms and Data Structures).

Languages:

- Arabic: Native Speaker.
- English: Intermediate(B1).
